

Build a Solid Foundation for Happy Home Life With Substantial, Moderately Priced

# Home Furnishings

We specialize in furniture that the average young married couple can afford to buy and that will give a life-time of service.

FOR THESE HOT JUNE DAYS CONSIDER

- A Labor Saving Kitchen Cabinet;
- An Oil Burning Cook Stove;
- A combination Gas and Coal Range.

Many Other Suggestions Here for the June Bride and Her Friends.

**Geo. C. Scheer Furniture Co.**

317-319—South Second—314-316

And brands of auto tires were made and sold in the United States of America last year, 1915, to the total extent of about 12,000,000 automobile tires.

Of that 12,000,000 total tires the B. F. Goodrich Company made and sold one-fourth. Yet, tires are only one of the 267 different lines made by the Goodrich rubber factory.

## OFFICIAL CHALMERS PATHFINDER REACHES YELLOWSTONE PARK

After the most strenuous trip ever made on a pathfinder trip in Montana, two Chalmers Six-26 touring cars, official pathfinders for the Yellowstone, sociability tour, arrived at Gardiner Gateway to Yellowstone park at 2 p. m. the other day.

Accompanying the cars as observers and drivers were Chief Engineer C. C. Hinkley of the Chalmers Motor company, W. H. Brooks, Homer George and Charles Harrington. In the eight days the pathfinders were on the road the cars covered 1,235 miles, an average of over 154 miles a day.

Continuous rain for a great part of the trip turned the roads into quagmires, but the 3,400 R. P. M. Chalmers motors performed wonders under most discouraging conditions. High winds, sleet and Dakota blizzards compelled to make the lot of the trail-blazers anything but an enviable one.

Three of the original tires placed on Chief Engineer Hinkley's car still contained Detroit air on reaching Gardiner. The only tire change was made 1,025 miles from Minneapolis and was due to cuts inflicted by the rocky canyon road on the last fifty-four miles down the Yellowstone river.

Two entire days were lost on the trip due to entertainments at Fargo and Minn. by members of the commercial clubs. An enforced rest at Burnsville was also necessary to allow the drivers to recuperate.

Much enthusiasm over the 4-6-8 tour which starts on July 20 was manifested along the route, over 100 cars having already entered for the hike. Motion pictures were made of the two Chalmers cars arriving at Gardiner and additional pictures also made in Yellowstone park. The cars will be taken as far as snow will permit. Five feet of snow is reported twenty miles up in the mountains. The crew of the Chalmers trail-blazer have returned to Detroit.

## 'Learn While Others Loaf'; Under-graduates Take Notice

During the next three months in the summer school of the A. B. C. you can acquire several points for credit in your high school course. Short-hand, bookkeeping, commercial arithmetic, commercial law, typewriting and Spanish are all taught in the A. B. C. this summer and your high school will give you credit for work done here in these studies.

You may be able to shorten by a whole year your high school course by attending our summer session, furthermore by so doing, by the time you finish high school you will also have finished a shorthand or business course, and should not be able to finish high school for any reason, you will be ready for a position in a few months time.

Remember we are conducting school in the forenoon only, beginning at 8 o'clock in the morning. The study and class rooms are cool and airy and offer every advantage for successfully accomplishing much valuable work.

Those preparing to teach should consider the advantages of specializing on the commercial subjects. Call or phone 625, Albuquerque Business College.

## NOTICE TO TEACHERS

The Bernalillo County Teachers' Institute will open June 6th and will be in session two weeks. The institute will be held in Albuquerque, in the high school. The institute fee, payable upon enrollment, is \$2.50. Teachers of other counties are cordially invited to attend.

The faculty is composed of the following well-known educators: Supt. W. B. McFarland, Moderator; Supt. John Milne, Prof. Dean A. Worcester, Mrs. Adolphine Kohn, Mrs. O'Connor Roberts, instructors; Prof. Roscoe H. Hill, special lecturer, A. MONTANA, County School Superintendent.

## FEAST OF WEEKS TO BE OBSERVED BY JEWS TODAY

Interesting Exercises at Temple Albert in Commemoration of Giving of Ten Commandments.

The Feast of Weeks, or Pentecost, one of the most interesting of Jewish religious occasions, will be observed today in Temple Albert with interesting exercises, the ceremonies beginning at 10 o'clock. The festival public is invited to attend.

The Feast of Weeks celebrates the anniversary of the giving of the Ten Commandments, and is one of the most important days in the Hebrew calendar. Originally it had largely an agricultural significance, being the occasion when the people offered up the first fruits of their soil. It will be observed with special ceremonies in every synagogue in the United States today.

At Temple Albert this morning an exceptionally fine musical program will be rendered, and the participation of the children of the congregation in the exercises will form a feature of more than usual interest. These exercises will be given by the confirmation class of six young people, and in addition to speeches by the children themselves there will be an address by Rabbi Meise Beraman.

Those who will take part in the confirmation class today are Bertha Weinman, Juliet Fleischer, Mildred Harris, Ben Harris, Marian Grunfeld and Stella Copeland.

## SUMMER SCHOOL WILL OPEN TOMORROW FOR SIX WEEKS' SESSION

Summer school will open tomorrow at the high school for the third year. The session will last six weeks. Miss Maude Rodgers and Miss Lana McGregor will have charge. If attendance requires another teacher will be assigned to the school, according to Superintendent John Milne. The summer school is for pupils who failed by a small margin and who will be able to advance with the six weeks of work, or less, to the next higher grade.

About 200 students have enrolled for industrial club work this summer. They will not attend classes. All of their work will be done in the back yards. J. E. Boudley, principal of the Third ward school, will have charge of this work in the city.

## MEDICS OF BERNALILLO WILL HONOR DR. OSUNA

The Bernalillo County Medical society will attend the funeral of Dr. E. Osuna, counsel here for the Carranza government, who died Friday night, in a body. It was decided at a meeting of the society held last night at the Commercial club.

Funeral arrangements had not been announced last night. A committee, composed of Drs. Wroth, Hope, Collins and Enderday, drew up resolutions of sympathy.

## ALAMOGORDO SENDS RECRUITS TO BORDER

(SPECIAL DISPATCH TO MORNING JOURNAL) Alamogordo, N. M., June 3.—Capt. G. A. Totten of Company A, Las Cruces, and Capt. Phil Desseuer of Company B, Las Cruces, were in Alamogordo Thursday for the purpose of recruiting national guardsmen for their respective companies. Altogether six men were enlisted in Alamogordo, four in Company B and two in Company A.

A mass meeting was held at the courthouse on Tuesday night but only two men joined the companies at that time. The other four were enlisted during the day.

Captain Desseuer made a trip to Tulare, fourteen miles north of Alamogordo, where a mass meeting was held on Tuesday night for the purpose of enlisting men in his company. Captain Totten will go to Tucuman, at which place he will try to get more men for his company. Captain Desseuer will return to Las Cruces.

Up to this time Otero county has had only two men in the militia companies on the border.

## BIRTHDAY OF BRITISH KING IS OBSERVED

(BY MORNING JOURNAL SPECIAL LEADERS WIRE) London, June 3.—This was King George's birthday but the only official celebration was a general hoisting of flags on government offices and other large establishments. In accordance with the king's orders, there was no firing of salutes at all ordinary observances were dropped.

## WILSON SENDS HIS CONGRATULATIONS

Washington, June 3.—President Wilson today sent a message to King George of Great Britain congratulating him on his fifty-first birthday anniversary.

## Colorado Roosevelt Expected

Chicago, June 3.—Word was received at headquarters of the progressive national convention today that members of the recently organized Colorado Roosevelt republican club are coming to Chicago Monday to work for the nomination of Roosevelt by the republican convention. In the delegation will be Frank C. Gandy, president of the club; J. C. Berger, A. D. Lewis, C. McA. Wilcox, W. W. Booth, Whitney Newton, E. D. Nicholson and Allison Stocker. Among the visitors at headquarters today was Dr. Francis Shine of Bisbee, Ariz., a great grandson of Thomas Jefferson, who is now supporting Roosevelt.

## FREE HOMESTEAD LAND

To Be Opened for Settlement in Montana.

Columbus, O., May 27.—Under the general provisions of the homestead laws there is to be opened for settlement in Montana some 500,000 acres of the very best agricultural lands. Each and every citizen, all soldiers and sailors, their widows and children, may now file upon a quantity of this land not exceeding 160 acres, for the purposes of a home. Soldiers and sailors, etc., have special privileges. They do not have to go to the land office in person to file, and under recent concessions they may file upon either 160 acres, 120 acres, 80 acres or forty acres, paying the small filing fees in installments, one-half down, balance in three equal monthly payments. This fee formerly \$25.00 is now \$22.50 for 160 acres, \$18.00 for 120 acres, \$14.00 for 80 acres, and \$10.00 for 40 acres. The installment plan, however, applying only to the filing upon 160 acres and not for the others.

This land, the Blackfoot reserve, Montana, about to be opened for settlement, now offers to soldiers and sailors, their widows and children, an opportunity of a lifetime, one wherein they may file upon a home of their own, pay for the filing in small payments, thus fitting every one's pocket book and needs. Never before has such a concession been made in filing upon free lands. Usually this has been such in advance. Best of all, they do not have to make an expensive trip to the land office to register and file as all others must do, but may do all the preliminary acts through an agent who is empowered to act for them.

By acting through an agent they are just as secure, if not a little more so, than if they had made their filings in person, and the difference in expense amounts to quite a considerable item.

For three years a resident of Montana in this section written of, and for seven years handling registrations and filings, the undersigned is now prepared to accept a few applications for filing upon this fine land. Owing, however, to the proximity of the opening and the consequent rush of applicants but few from Albuquerque will be accepted and they must also be of high class and O. K. in every respect.

A two-cent stamp and your name and address if interested, sent to Charles H. Howell, Soldiers and Sailors Registration, 457 Markison avenue, East Columbus, Ohio, will bring full particulars regarding filing, maps and profusely illustrated literature.

We have no land to sell! Nothing but our services in securing your filing and registration upon this land.

## Use Our Superb Toilet Requisites.

Our toilet soaps cleanse the skin without leaving an after irritation; our toilet waters and perfumes "hold" their delightful odors. Our brushes keep their bristles; the teeth in our combs do not snap off.

When you buy our toilet requisites you get the best and will ever afterward do all of your drug business with us.

## Otwell Drug Company

222 W. Central Ave., Albuquerque

"THE STORE WHERE COURTESY ABIDES"

## GIBSON-FAW COMPANY, BIG LUMBER CONCERN, READY FOR BUSINESS

The Gibson-Faw Lumber company, the newest enterprise of the city and probably the largest to link its future with the growth of Albuquerque, is now ready for business, and makes its bow to the public in a strong, well-displayed advertisement in this morning's Journal. Everything that goes to make a most complete, perfect lumber-selling plant has not been forgotten in the equipment of the Gibson-Faw company, and everything to be found in such a plant can be found at this new company. The departments,

wherein are kept certain assigned article and supplies, are handy and open to inspection, and purchasers can readily see and inspect the "goods" they wish to purchase. To make a long story short, the Gibson-Faw Lumber company is in the best of condition to handle all kinds of lumber, builders' supplies, paints, coal, etc., and invites a share of the business of the city and vicinity.

Stomach Troubles and Constipation. I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere.

## How the Texas Tube test happened!

I fiddled Bill Parr considerably! So many motorists had carelessly stated that "all Tire Tubes are just Rubber." He determined to show some folks the difference, in a way they would never forget.

There were four Cars at the door, and their Owners or Drivers at his elbow.

To these he said,—

"Boys,—how strong do you think this Goodrich Brown Tube actually is?"

"Do you believe it is strong enough to tow Mr. Oden's five passenger Car, with four people in it, for 20 blocks?"

"You don't, eh?"

"Well now here's a bit of a Bet I want to make with any, or all, of you."

"I will bet you a Dinner that this little old regular Goodrich Tube (34x4) will not only tow Mr. Oden's Car, but will tow all three of your Cars,—fully passengered,—through the streets, for the full 21 blocks (more than a mile and a half)—starting and stopping as many times as the crowd makes it necessary."

"I will,—if you Gentlemen are agreeable,—line up all four of your Cars, right here and now, take three regular Goodrich Tubes hap-hazard out of their boxes,—tie one tube between each two Cars, (which means hauling three Cars on the first Tube) and tote You—all that way to 'The Corners.'"

"Are you willing to bet a Dinner that any one of the three Tubes will 'go broke' on the way, or show a flaw which would leak Air, or prevent its being used for its original Tire purpose afterwards?"

"You are, eh?"

"Well,—the Bet's on!"

"Come along, and you be the Judges."

THE Dinner was a very Cheerful Affair.

As Oden said afterwards (when putting up his share of the Bet) "you could have bet me a Million on that, Parr, and I'd have taken you up,—even if I had to borrow the Million."

"I don't see how the blamed Tubes ever did hold out,—especially going up Saco St. under such a strain."

"With eight people in the last three Cars,—and a total load of over 8,800 pounds I sure thought to hear something snap before Second Block."

"Whaddy put into that brown Goodrich Rubber anyhow, to make it hang together like that?"

Fritz said that what puzzled him most was the brown Rubber Tubes "not being all stretched out of shape after such a tug, even if they did hang together at the finish."

"Look you," said he, "when we released the load,—after the haul,—they instantly snapped back into just three-quarters of an inch longer than they were at the start!"

"And that 3/4 of an inch, they took up again in less than two hours rest."

"WELL, boys,"—Bill Parr remarked,—as he smoothed out a wrinkle in his well-filled vest, "that'll stop the Argument about all Tire Tubes being 'just Rubber,' won't it?"

"If the Brown Stuff that toted all you Heavy-weights,—and your Cars,—for 21 blocks, without a Sign of Heavy Duty afterwards, isn't something MORE than 'just Rubber,' like other Tubes,—then you'd better buy the 'Just Rubber' kind hereafter."

"I'm going to ask all of you to sign your names to this 'Texas Tire Tube Test,'—just to show that you have taken part in a regular Exploit which is mighty well worth recording."

So indeed they did,—and here is the affidavit:

AFFIDAVIT.

This certifies that we, the undersigned, took part in and witnessed the Texas tube test referred to in the advertisement entitled "How the Texas Tube Test Happened!"—that the test was made on date of Nov. 11, at Waco, Texas, the distance covered being twenty-one blocks and that the result was as described.

Signed— W. M. ODEN,

J. M. NASH,

R. A. FRITZ,

W. A. PARR.

Subscribed and sworn to before me by W. M. Oden, J. M. Nash, R. A. Fritz and W. A. Parr, this 3rd day of May, A. D. 1916, at Waco, Texas.

Signed— J. G. WREN,

Notary Public,

McLennan County, Texas.

Now what think you of these GOODRICH Tire Tubes that could bear up under such a gruelling test?

Reflect that they cost you no more than the "ordinary" Tubes you so carelessly accept!
